

Paediatrics Awards and Recognition Committee (ARC) Bulletin

The Department of Paediatrics Nominations Committee was formed in March 2021 with the objective of increasing the local, national and international profile of the Department of Paediatrics, University of Toronto through the strategic promotion of our talented faculty. This will enhance the academic profile and career development of our Department of Paediatrics faculty at the University of Toronto and internationally.

As a helpful resource, we would like to share an Awards Dossier guideline found on the Temerty Faculty of Medicine awards webpage: <https://temertymedicine.utoronto.ca/temerty-faculty-medicine-awards-dossier>. This can be especially useful as the components outlined in this dossier can be adapted for various award opportunities and be a helpful resource for nominators. Award dossiers can be submitted by all Temerty Medicine faculty at any time for review and feedback.
